ORDER #95-6
SPECIAL CLOSURE
SAN JUAN NATIONAL FOREST

Pursuant to 36 Code of Federal Regulations 261.50(a) and 261.50(b), the following is prohibited from March 6, 1995 until further notice:

Camping within the sixty foot right-of-way leading into the Bear Creek Trailhead and within the two thirty foot right-of-ways extending into U.S. Forest Service lands from private property in section 9, Township 38 North, Range 12 West, and more specifically depicted on Attachment 1 [36 CFR 261.58(e)].

Pursuant to 36 Code of Federal Regulations 261.50(e), the following are exempt from the provisions of this order:

1. Owners or lessees of land adjacent to the trailhead.
2. Any federal, state, or local officer, or member of an organized rescue or fire-fighting force in the performance of an official duty.
3. Persons with a permit specifically authorizing the otherwise prohibited act or omission.

This closure is located on right-of-ways through private land which have been deeded to the U.S. Forest Service and are therefore under the authority and jurisdiction of the USDA-Forest Service. This closure is necessary to avoid potential conflicts between private landowners near the trailhead and forest users as well as to prevent damages to the trailhead area which is unsuitable for overnight camping.

Done at Durango, Colorado this 3rd day of March, 1995.

THURMAN WILSON
Acting Forest Supervisor

Violation of this prohibition is punishable by up to a \$5,000 fine and/or up to six months in jail (18 USC 3571).
